INTERGOVERNMENTAL REVIEW BULLETIN

September 16-30, 2009

The Bulletin is issued by the State Planning Office twice a month. It serves to coordinate state and local review of federally-assisted projects and direct federal developments at the proposal stage as required under the Federal Executive Order 12372 and 5 MRSA & 3305 Subsection 1.J. The Bulletin notifies state and local review agencies of applications for federal assistance and proposed federal developments. The Review process is as follows: Designated review agencies should contact applicants directly for further information. Area Clearinghouses (list enclosed) solicit comments from affected local governments. State Review Agencies and Area Clearinghouses should send their comments to the State Single Point of Contact by the date indicated for each application.

This listing contains all of the applications and notices which have been received for review during the past two weeks. The list is sent electronically to all of the reviewers. This allows the information about the applicants to reach you in a timely fashion. If you are not the appropriate person to receive this document, or there are others in your department that should be added to our distribution list, please let us know. Web address: <http://www.maine.gov/spo/igr/index.htm>. Note* At this web address you will also find information on a waiver of intergovernmental review of any program or project funded by the American Recovery and Reinvestment Act of 2009

** Tribal review agencies should contact or send comments to the appropriate Federal Agency.
